California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a **monthly** calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of \$3/year, or \$5/two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

FROM THE DIRECTOR

Easter, a festival commemorating Christ's resurrection, falling on the Sunday after Good Friday. This is what you will find if you go to the dictionary, but what will you find if you go to some one interested in a new age philosophy? I think you will find one who is trying to fulfill what they are taught, trying to take the things that Jesus taught when he was on earth and manifest them in the daily pattern of life. Hard yes, but isn't this what it's all about? As we progress along the path, we all have our ups and downs are good periods and our bad, but let us always remember that each of these is a lesson and an opportunity to further our own growth, to take one more step in the uphill climb to be able to do the things that we were all told we could also do. Each of us has our own path to follow, our own philosophy to learn from, but let us also remember, that whatever the teachings we have chosen to follow, our friend down the street also has his own philosophy and we must respect him for what he has chosen.

Patricia

" THE IMAGE OF JESUS "

Easter is proclaimed the day
That Jesus rose, to show the way.
Rising to His Father's house
While startled mortals knelt to pray.

Jesus did return to earth
Once again, God gave Him birth.
Jesus proved His Father's word
For His honesty and worth.

Jesus said we'd do the same
If we believed, upheld His Name.
Patience, Love and Faith in Him
Will heal the sick and lame.

Honor Him accept His love
Obey your Father up above.
All the world shall be at peace
When we truly learn to Love.

WHO BRING YOU

"DAWN OF A NEW LIFE"

COL. ARTHUR J. BURKS is a retired colonel of the U. S. Marine Corps; he is a minister, an author, a lecturer, a counselor, and a healer. He has the amazing gift of being able to read Akashic records of characteristics of current and past lives. He will speak from his intuitive knowledge of the deep mysteries of life and of the significance of its unfoldment.

REV. DAMIEN SIMPSON is the founder of the Universal Mind Science churches with active California centers in Long Beach, Hollywood, Santa Barbara, and Mountain View, and one also in Puerto Rico. His immense following is attributable to his great ability to express basic metaphysical facts in a most forceful manner, in terms of simple commonplace daily activities.

DR. ALAN C. SHIFMAN studied medicine at State University of New York, interned at L. A. County-U.S.C. Medical Center, and is the resident in Neurology at Martinez V. A. Hospital. He has studied acupuncture and the philosophy of Chinese medicine, practices meditation, and is a member of the S. F. Zen Center. He presently employs acupuncture in his medical practice.

DR. EDWARD SCOFIELD has his doctorate in psychology, has been a member of the teaching staff at the Univ. of Southern California, and is presently president of the Foundation for Universal Understanding. In terminology which is readily comprehended, he presents a synthesis for science and religion, and an analysis for attaining higher states of consciousness.

SAMUEL BOUSKY is a senior member of the research staff of a leading electronics firm where he directs development of techniques for data recording using laser light. As a hobby he employs his scientific methods for exploring the cryptic code of the scriptures, for studying qabalistic mysticism, and for teaching methods of invoking our creative capabilities.

DR. CARL SIMONTON studied medicine at University of Oregon, interned at Santa Barbara County and Cottage Hospitals, was resident in Radiation Therapy at the Univ. of Oregon Medical School Hospital, and is now Chief of Radiation Therapy at David Grant Medical Center. He is also a member of the board of directors and of the executive committee of the American Cancer Society.

DR. DIMETRI KANELAKOS is a Senior Research Scientist in physics including electromagnetic propagation in the ionosphere. For the past several years he has worked with transcendental meditation including its biological and physiological effects. In addition to teaching meditative technique, he also leads an investigative project in psychobiology of the meditative process.

BARBARA KLEIN received her training as a prayer practitioner from Ernest Holmes founder of the Religious Science Church where she was a member of the teaching faculty for 11 years. She has had 20 years direct experience as a prayer specialist and as an instructor for practitioners. She writes articles and conducts seminars on praying, healing and metaphysics.

They practiced a common system . . .
and moved the known world!

The secret science of the masters has been
re-discovered and offers you self-development
far greater than thought possible centuries ago.

JESUS

Jesus of Nazareth probably the world's first nuclear scientist, practiced a secret system. Just what this secret science was has escaped the world's best thinkers for nearly 2,000 years. Now it has been rediscovered in its entirety. That this secret science was known to other world teachers has now been proven.

BUDDHA

Guatama Buddha was a prince and lord of ancient India. Yet he wanted something better out of life. His search for the secrets of life is known to all those who have read of his fascinating quest. Today thousands of students apply techniques of meditation and believe they have found the all of Buddhism. This is not so.

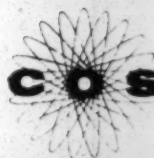

VIRACocha

Viracocha of Peru walked the Americas teaching the lost arts of self realization. He assumed many different guises and was known under various names. He taught man how to develop his latent potential, how to regenerate himself and live to great ages. With the coming of the Spaniards the secrets of his teachings perished.

Write today for information on this amazing, new discovery.

"The Path of the Masters needs the guidance and the help of a Living Master, or an Adept not only in the theory, but also in the practice of the Science of the Soul. A Master of realized Truth can give us not only a true import of the scriptures, which are otherwise sealed to us, but can also grant us an inner contact with Truth Itself... It is Ruhani Satsang that provides this common ground for people of all faiths to gather together for spiritual instruction... true knowledge is the action of the soul without the aid of the senses:..."

THE ART OF THE COSMOS A School & A Technique

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques! Personally conducted classes .
